Teacher Education Program (TEP)

At Valencia College East Campus, our Teacher Education Program (TEP) offers a full range of opportunities to prepare students with the knowledge, skills, and attitudes necessary to enter a Teacher Education Bachelor of Science program. At East Campus only, we offer a unique program:

- AA degree in Early Childhood Education (AA in Elementary Education coming soon) with a dedicated Teacher Education Advisor to assist students with TEP choices.
- Valencia Future Educators Club (awarded most Outstanding Organization by Student Development)
- Service Learning opportunities that replace field observations allowing students to earn a Service Learning medallion for graduation and designation on your diploma.
- 9 different Teacher Education introductory courses

What is Service Learning?

Service Learning is a teaching and learning strategy that integrates meaningful community service with instruction and reflection to enrich the learning experience, teach civic responsibility, and strengthen communities. Service Learning allows students and faculty to blend educational goals with their passions.

Mission

Service Learning creates opportunities for Valencia students, faculty, and staff to learn in partnership with the community and to develop competencies that relate to course content and promote the advancement of a socially responsible citizenry.

Essential components of Service Learning

Academics | Students will improve their higher order thinking skills through analysis and understanding of complex problems. Students will connect the learning in the classroom to the service experience.

Pre-professional | Students will connect service to career exploration. Students will analyze their skill set growth related to potential careers.

Civic Engagement | Students will gain an understanding of the community organization and those it serves. Students will gain an understanding of their role as an active member of the society.

Personal | Students will experience personal growth through challenges and will develop new skills.

Reciprocity | Each Service Learning experience should benefit students and the community. Students are encouraged to identify a community agency.

Benefits of Service Learning

- LEARN through hands-on work in a non-profit community environment (school).
- EXPLORE career options, gain work experience and make job contacts.
- DEVELOP connections with people of diverse cultures and lifestyles.
- IMPROVE self-confidence by becoming an active citizen in your community.
- EARN recognition for service hours on transcripts and at graduation.
- MEDALLION completing 40+ Service Learning hours receives bronze, silver or gold medallion to wear at graduation.

Policy of Required Service Learning Hours

**Florida Statute 1012.32 (2)[d]**
Student teachers, persons participating in a field experience pursuant to s. 1004.04(6) or s. 1004.85, and persons participating in a short-term experience as a teacher assistant pursuant to s.1004.04[10] in any district school system, lab school, or charter school shall, upon engagement to provide services, undergo background screening as required under s. 1012.56.

**SL Hours REQUIRED**
Students must complete all the hours required for the course or will not pass the class. They will submit a signed verification form that may be randomly verified.

**Amount of SL hours**
EDF2005, EDF2085 and EME2040 are generally required as a prerequisite for all Florida state university teacher education programs. On East Campus, EDF2005 and EDF2085 each REQUIRE a 20-hour directed Service Learning project and some EME2040 sections require a 10-hour Service Learning project in one of the approved community partner schools. Prior teaching experience or volunteer service will not count as part of your SL; hours completed beyond the required amount for the course as designated in the course catalog will be counted as volunteer hours and NOT go towards Service Learning recognition or medallion. Specific requirements and due dates will be given to you by your professor; SL hours are not tutoring or babysitting.

**SL at Community Partner Schools**
We recommend that you complete your Service Learning hours at our Community Partner Schools; we have agreements with these schools and they understand the scope of SL and its requirements. Your professor will direct you as to where you are able to go as appropriate for your particular class and class objectives. SL hours done at schools outside our Partner Schools is done at your own risk and with your professor’s approval.

**Valencia Student Responsibilities**
The student understands and commits to:

- Included as part of coursework (per Professor choice):
  - Attend an **Education Orientation** outlining the Teacher Education Program.
  - Complete an OCPS background check.
  - Complete a **Pre-Service paper** [interview or research].
  - Reflect on SL experience.
  - Present a **digital presentation** of the SL experience.
  - Submit a signed **SL Verification** form documenting the SL hours completed.
  - Complete a brief end-of-term **evaluation** of the TEP SL program.

- Included as part of service to CPS:
  - Comply with CPS policies, standards and regulations.
  - Serve in a professional manner with respect for others, especially with regard to confidentiality.
  - Arrive on time or notify the CPS if I cannot attend due to illness or emergency.
  - Take full responsibility for any risk of property damage or personal injury that may be sustained as a result of these activities.
  - Attend a **Welcome Orientation** at the CPS (optional).
  - Contact the Volunteer Coordinator at CPS identifying requirement and in what grade level/subject preferred.
  - Complete SL hours in an area of need as suggested by CPS.

**Community Partners Responsibilities**
The Community Partner School understands and commits to:

- Complete a Service Learning Community Partner Statement of Understanding.
- Receive an official Valencia College Community Partner **Certificate**.
- Host face-to-face or virtual **Welcome Orientation** for VC students to tour the school and understand the policies of volunteering.
- Inform TEP of your school’s needs.
- Place students with a teacher, department or program to address the need while student gains valuable experience and understanding of the intricacies of teaching.
- Discuss in advance with the student any need for change of placement or hours of service.
- While serving as a SL CPS, the student will not be asked to transport any person, be alone with any minors, be in any private home without a CPS representative, or violate the agreements set forth by the CPS or Valencia.
- Complete a brief end-of-term **evaluation** of the TEP SL program.
Service Learning Standards

### K–12 Service-Learning Standards for Quality Practice

**Meaningful Service.** Service-learning actively engages participants in meaningful and personally relevant service activities. Students identify, authenticate, and learn about a recognized community need. Student actions are reciprocal, valued by the community, and have real consequences while offering opportunities to apply newly acquired academic skills and knowledge.

**Link to Curriculum.** Service-learning is intentionally used as an instructional strategy to meet learning goals and/or content standards. The process includes deliberate cross-curricular connections whereby students learn skills and content through varied modalities that meet academic standards, and enables the transference of skills and content to new applications. The content informs the service and the service informs the content.

**Reflection.** Service-learning incorporates multiple challenging reflection activities that are ongoing and that prompt deep thinking and analysis about oneself and one's relationship to society. Students participate in systemic varied processes that integrate empathetic response with cognitive thinking related to social issues and their lives. This affective and cognitive blend deepens the service learning as students apply and transfer new understandings of themselves, others, and the world around them.

**Diversity.** Service-learning promotes understanding of diversity and mutual respect among all participants. Student experience affords opportunities to form multidimensional understanding and varied points of view. This process allows students to gain perspective and develop mutual respect and appreciation for others, while replacing stereotypes with accurate information.

**Youth Voice.** Service-learning provides youth with a strong voice in planning, implementing, and evaluating service-learning experiences with guidance from adults. Students experience significant age-appropriate challenges involving tasks that require thinking, initiative, and problem solving as they demonstrate responsibility and decision-making in an environment safe enough to allow them to make mistakes and to succeed.

**Partnerships.** Service-learning partnerships are collaborative, mutually beneficial, and address community needs. Students participate in the development of reciprocal partnerships and share responsibility with community members, parents, organizations, and other students. These relationships afford opportunities to interact with people of diverse backgrounds and experience, resulting in mutual respect, understanding, and appreciation.

**Progress Monitoring.** Service-learning engages participants in an ongoing process to assess the quality of implementation and progress toward meeting specified goals, and uses results for improvement and sustainability. Once students identify and authenticate the need, they use varied methods to observe and track change and improvement as they carry out the service learning process. Advancement toward intended or developing outcomes is examined, along with effectiveness of applied procedures and recognized mutual benefits. Findings are shared with stakeholders.

**Duration and Intensity.** Service-learning has sufficient duration and intensity to address community needs and meet specified outcomes. The length of the experience allows for a complete and thorough process as articulated in the Five Stages of Service Learning, with age-appropriate content, skill development, and depth of material covered.

How do students get started?

1. Choose Your School from approved list of Community Partner Schools
2. Complete OCPS Background Check – MUST complete BEFORE beginning SL hours!
3. Attend a Welcome Orientation at the school (optional)
4. Contact School Volunteer Coordinator to set up hours
5. Complete Your required amount of SL hours as designated by the course catalog

Step 1: Choose Your School

The following schools are the APPROVED Community Partners where you MUST complete your SL hours. You may not randomly choose a school in Orange County or another county, as these schools have been selected specifically due to their understanding and ability to help you with your Service Learning Hours. Please note: other Valencia campuses may allow you to choose any school for field observations; these are different than Service Learning hours. Please verify with your professor which school you should choose, as some professors may have specific schools they wish to work with for SL.

Step 2: OCPS Background Check

All students will be required to have background checks through Orange County Public Schools conducted during the term in which they are completing their Service Learning hours, preferably within the first 1-2 weeks of classes. This process involves only a background check and does NOT require fingerprinting. You may NOT set foot inside a school to complete your Service Learning hours WITHOUT FIRST being approved by Orange County Public Schools.

Step 3: Attend Welcome Orientation at School (optional)

Each Community Partner School hosts a Welcome Orientation; the event is usually 1 – 1 ½ hours and will give you relevant information about the school’s needs and its policies. It is highly recommended that you attend but it is not mandatory. The dates of the Welcome Orientations are posted on the TEP website www.valenciaTEP.wordpress.com

PLEASE NOTE: United Cerebral Palsy of Central Florida (UCP) does not host a face-to-face Welcome Orientation but rather requires students to complete an online orientation. The forms and online presentation can be found on our TEP website in the TEP Important Dates tab (www.valenciaTEP.wordpress.com/tep-important-dates)

Step 4: Contact School

As soon as the background check is approved, the student should contact one of the partner schools volunteer coordinators. Some courses will be doing individual projects and some will do group projects.

Step 5: Complete Service Learning Hours

Professor will inform students of the specific hours that are required for each course as it is designated in the course catalog. Other Valencia Campuses may require Field Observation hours that are different in number. East Campus has a special Service Learning program that differs from other Valencia Campuses.
Principles for How We Treat Each Other

Valencia College has adopted these principles as created by the Valencia College Peace and Justice Institute. TEP has implemented them into all their courses and students are given these to use and share.

**How We Treat Each Other**
*Our Practice of Respect and Nonviolence*

1. **Create a hospitable and accountable community.** We all arrive in isolation and need the generosity of friendly welcomes. Bring all of yourself to the work in this community. Welcome others to this place and this work, and presume that you are welcomed as well. Hospitality is the essence of restoring community.

2. **Listen deeply.** Listen intently to what is said; listen to the feelings beneath the words. Strive to achieve a balance between listening and reflecting, speaking and acting.

3. **Create an advice free zone.** Replace advice with curiosity as we work together for peace and justice. Each of us is here to discover our own truths. We are not here to set someone else straight, to “fix” what we perceive as broken in another member of the group.

4. **Practice asking honest and open questions.** A great question is ambiguous, personal and provokes anxiety.

5. **Give space for unpopular answers.** Answer questions honestly even if the answer seems unpopular. Be present to listen not debate, correct or interpret.

6. **Respect silence.** Silence is a rare gift in our busy world. After someone has spoken, take time to reflect without immediately filling the space with words. This applies to the speaker, as well – be comfortable leaving your words to resound in the silence, without refining or elaborating on what you have said.

7. **Suspend judgment.** Set aside your judgments. By creating a space between judgments and reactions, we can listen to the other, and to ourselves, more fully.

8. **Identify assumptions.** Our assumptions are usually invisible to us, yet they undergird our worldview. By identifying our assumptions, we can then set them aside and open our viewpoints to greater possibilities.

9. **Speak your truth.** You are invited to say what is in your heart, trusting that your voice will be heard and your contribution respected. Own your truth by remembering to speak only for yourself. Using the first person “I” rather than “you” or “everyone” clearly communicates the personal nature of your expression.

10. **When things get difficult, turn to wonder.** If you find yourself disagreeing with another, becoming judgmental, or shutting down in defense, try turning to wonder: “I wonder what brought her to this place?” “I wonder what my reaction teaches me?” “I wonder what he’s feeling right now?”

11. **Practice slowing down.** Simply the speed of modern life can cause violent damage to the soul. By intentionally practicing slowing down we strengthen our ability to extend non-violence to others—and to ourselves.

12. **All voices have value.** Hold these moments when a person speaks as precious because these are the moments when a person is willing to stand for something, trust the group and offer something he or she sees as valuable.

13. **Maintain confidentiality.** Create a safe space by respecting the confidential nature and content of discussions held in the group. Allow what is said in the group to remain there.

**Course Description**

EDF2005 Intro to the Teaching Profession: General overview of teaching developed through study of processes of teaching and learning, organization and structure of American education and current issues and problems related to education. This course also incorporates a required field experience. Generally required as a prerequisite for state university teacher education programs in Florida. Check with prospective transfer program on current requirements.
